# People's Community Clinic Boogies with Marcia Ball

The Board of Directors and staff of the People's Community Clinic joined with Marcia Ball at Antone's in honoring and thanking the volunteer physicians (150+) who serve the community at the clinic. Everyone gathered at the club to enjoy the work of Austin Catering Company while visiting with friends. Of particular note was the layered red and yellow gazpacho with various

condiments. Then it was time for Marcia Ball and her band. In but a few moments, Marcia owned the house with spontaneous dancing breaking out everywhere. The doctors must have felt redundant at this point since Marcia can cure what ails you with just her music.

It was an extraordinary gift from Marcia Ball. Additional support was provided by Mary

Margaret Farabee, Rick Geyer, Scott Hentschel, Joan Lava, Nona Niland, Carol Robertson and Margot Thomas. Thanks are also due the host committee: Janice Dr. David Abrams, Dr. Jim Brand, Dr. Robert Bernstein, Kathryn and Dr. Don Counts, Joan and Dr. Jeffrey Lava, Dr. Nona Niland, Dr. Linda Prentice, Sandy and Dr. Michael Rotman, Ellie and Dr. Jack Schneider.
